Questions and Answers

Mr Lee

1

Q: Mr Lee, I have a hard time remembering new words! What should I do?

A: Well, there are many ways to help you learn and remember new words. You can learn them in chunks. You can write them down and make pictures. You can also practise with your classmates and friends. Give these tips a try, and find out what works best for you.

2

Q: Mr Lee, I tried my best to focus in every English class. I also did all my homework. But I'm still not very good at English. Why? What else can I do?

A: You're not alone! It's not enough to learn from classes and textbooks. You can find some English story books or anything you like. Then, spend 20 to 30 minutes every day reading them. The more you practise and the more you read, the better you will get.

3

Q: Mr Lee, I always make mistakes in my spelling. I'm so upset!

A: Don't be too hard on yourself! In fact, kids from English speaking countries make spelling mistakes, too! Read the "Spotlight" in the textbook. It can help you learn more about spelling rules and tips. Try remembering words by their sounds. This can really help you with your spelling.

4

Q: Mr Lee, my classmates are doing way better than me. I'm so upset and feel bad about myself. Am I really that bad at English?

A: Everyone gets better at his or her own pace. There's no need to compare yourself to others. Just keep doing your best. You'll get better at English in no time. You can also study together with your classmates and help each other.
